# IVRH – IV-E Reason Code History

This screen displays IV-E eligibility spans for a specific client. Spans that are in pending, suspended or denied status will display reason codes that must be addressed in order for the span to be approved. Approved IV-E spans will automatically create a IV-E entry on the CELL (Client Eligibility List) screen.

```
CAFSIVRH                   IV-E REASON CODE HISTORY        02/13/2009    13:53

Field Descriptions (F12) indicates code lookup is available.

CAPS ID
This field will display the CAPS ID of the client who was entered on the IVEL (IV-E Reimbursability List) screen.

NAME
This field will display the name of the client whose ID is displayed in the CAPS ID field.

IV-E BEGIN DATE
This field will display the IV-E begin date.

IV-E END DATE
This field will display the IV-E end date.

STATUS
This field will display the current status of the IV-E span (pending, approved, suspended or denied.)

REASON (F12)
This field will display the reason code. All reason codes must be resolved in order for the IV-E status to be approved.

DATE REASON ADDED
This field will display the date the reason was created.

DATE REASON RESOLVED
This field will display the date the reason was resolved.

ACTUAL BEGIN DATE
This field will display the begin date of the affected IV-E span.

ACTUAL END DATE
This field will display the end date of the affected IV-E span.

Additional Information

The IVRH screen must be accessed by selecting an existing IV-E span from the IVEL (IV-E Reimbursability List) screen.

The IVRH screen will be in inquire mode at all times.

Reason codes will be displayed in chronological order by DATE REASON RESOLVED and reverse chronological order by DATE REASON ADDED.
